CHINA DOOR OPEN WIDE.

STRONG APPEAL TO BRITISH COMMERCE.

NECESSITY OF ENCOURAGING STUDENTS.

LONDON, Nov. 9.

A strong appeal for British commerce to play a
greater part in the development of China was made by
Mr. Chao Hsin' Chiu, the Chinese Charge d'Affaires.
Addressing the Rotary Club in London, he said that no
other country in the world except the Colonies suited
Britain's purpose better than China whose commercial
door was open wide to the whole world but particularly
to Britain. He declared that China's greatest need at
present was peace and justice, and urged Britain to lend
a helping hand whenever necessary to ward off foreign
interference which tended to damage the sovereignty
and independence of China. He denied that internal
troubles stood in the way of foreign trade or that foreign
assistance was needed to solve internal problems.

AMERICA'S LEAD.

He recommended Britain to grant greater facilities
to enable Chinese students to come to Britain and
pointed out that there were 250 Chinese students in Eng-
land compared with 2,000 in America. This was not
because the Chinese preferred America to England
educationally but was due to America providing facilities
and means. He drew attention in this connection to the
support of Chinese students on the part of America by
means of the indemnity fund which America had returned
to China and outlined American efforts, notably the
welcoming of Chinese students to learn practical work in
their factories and firms on the west coast, supporting
Chinese while undergoing training and then despatching
them homeward to act as American agents. Thus
America has won Chinese good feeling and reaped untold
benefits, as evidenced by increasing trade. He urged
Britain to act in a similar way to their mutual advantage.

SUGGESTED ALL IRELAND PARLIAMENT.

PROPOSALS SUBMITTED TO ULSTER.

LONDON, November 8.

The Ulster Cabinet arrived in London this morning
and immediately assembled at the Savoy Hotel to discuss
written proposals submitted to them for an All Ireland
Parliament, after which it was announced they un-
animously approved the firm attitude maintained by Sir
James Craig in the interests of Ulster. Mr. Lloyd George
has arranged to meet them to-morrow evening and give
further information and explanations regarding many
questions raised. After that the Ulster cabinet will
submit final replies in writing.

BREACHES OF THE TRUCE.

LONDON, November 9.

In the House of Commons at question-time, Mr.
Brown stated that the police in Ireland had reported 595
breaches of the truce, including 206 cases of kidnapping
in 144 of which the persons had been released. Of other
breaches 150 related to drilling etc., not entailing inter-
ference with individuals. A number of the kidnappers
had been punished.

TRADE STAGNATION.

DEPRESSING FIGURES.

LONDON, November 9.

The stagnation of trade is reflected in the Board of
Trade returns for October showing the imports at
£84,000,000 compared with £149,000,000 in
October of 1920. The exports were £62,000,000
compared with £112,000,000. Re-exports were
£10,000,000 compared with £16,000,000. Imports of raw
cotton and wool each declined by nearly £4,000,000,
exports of manufactures by £45,000,000, cotton goods by
£15,000,000, iron and steel manufactures by £7,000,000
and woollen manufactures by nearly £6,000,000.

£10,000,000 MINING SUBSIDY.

GOVERNMENT RETAINS £3,000,000 BALANCE.

LONDON, November 9.

Mr. Lloyd George received the Miners' Executive at
Downing Street. He confirmed the Government's
refusal to pay the miners a subsidy of £3,000,000, the
unexpended balance of the Government's subsidy of
£10,000,000 to the mining industry.

MARKS PROVIDE ANOTHER SATISFACTION.

RENEWED BUYING BRINGS IMPROVEMENT.

LONDON, November 9.

German marks in London have provided another
satisfaction. Following a rally after yesterday's close, at
1198 they advanced about 1,000. Under renewed
buying including long term trade purchases, they went
to 1200 and finished at 1200.

KEMALIST AGREEMENT RECRIMINATION.

COMMONS DEBATE DISCOURAGED.

FRANCE'S SEPARATE PEACE WITH ANGORA.

LONDON, November 8.

With regard to statements in the French Press that
Britain never objected to the agreement between M.
Briand and Bekrami Bey it is authoritatively stated
that on the contrary the British Government very
strongly objected and only discontinued its protests
when it was clear the agreement was a dead letter owing
to the refusal of the Angora Government to ratify it.
The new Franco-Kemalist agreement goes farther than
the old on many important points. For example, it de-
clares the state of war between France and Turkey ended,
whereas the March agreement only spoke of cessation
of hostilities. It is thought strange that France should
conclude a separate peace with Angora when the British
Government in conversations with the Greek delegation
in London unwaveringly adhered to the principle that
negotiations with the belligerents should only be con-
ducted by the Allies in strictest union.

FRANCE'S CASE.

PARIS, November 9.

A semi-official statement denies that the Franco-
Turkish agreement was a new treaty unknown to the
British Government and declares it identical with the
agreement the text of which has been in the hands of
the British Government since April 4 with the exception
of insignificant modification. It is not opposed to the
Treaty of Sevres because the latter implicitly lapsed
when the Allies invited representatives of the Angora
Government to come to London. The statement con-
cludes that France has confined herself to terminating
hostilities on the Syrian frontiers, and the agreement by
hastening the return of peace East, will serve the inter-
ests of the Christian minorities everywhere and calm
people's minds in the British Dominions.

COMMUNICATIONS PROCEEDING.

In the House of Commons, Mr. Austen Chamber-
lain said it was hoped to finish the business to-morrow
and thereafter prorogue Parliament. Asked whether
the Government would give the House an opportunity
for discussion of the Franco-Kemalist agreement, Mr.
Chamberlain said that he had consulted Lord Curzon.
Nothing could usefully be said at present as communi-
cations were proceeding between the two Governments.

CHRISTIANS ORDERED OUT.

ATHENS, November 9.

The newspapers learn that the Greeks and other
Christians in Cilicia have been given twenty days to
leave the territory evacuated by the French and
occupied by the Kemalists. The Greek Government is
considering measures to assist the refugees.

ARMISTICE DAY CELEBRATIONS.

CENOTAPH AND ABBEY CEREMONY.

LONDON, November 8.

The troops participating in the ceremony at the
Cenotaph and Westminster Abbey on Armistice Day
include 300 ex-Servicemen. Earl Haig will place at the
Cenotaph a cushion composed of Flanders poppies with
"From Douglas Haig" in bay leaves. The new stone
at the tomb of the Unknown Warrior will be unveiled.
It consists of marble from Waterloo in Belgium. The
inscription is in brass letters inset in the marble. Eight
men were occupied day and night for a month past
hand drilling the inscription of a "Remembrance Poem"
which will be recited in the theatres.

LEAGUE OF NATIONS DEMONSTRATION.

WOMEN STRONGLY REPRESENTED.

LONDON, November 9.

Sixty-nine women's organizations, representing
3,000,000 members of social, political, and industrial
societies, are sending delegates to a League of Nations
demonstration in the Central Hall at Westminster on
the evening of November 11, when Lady Astor, Lady
Bonham Carter and others will speak on the Washing-
ton Conference.

WASHINGTON CONFERENCE HOPE.

"DO MUCH TO PROMOTE A BETTER WORLD."

MONTREAL, November 9.

Mr. Balfour, head of the British Delegation to the
Washington Conference has landed. Interviewed he said
he believed the Washington Conference would do much
to promote a better world.

TENSION IN SOUTH-EAST EUROPE RELAXES.

CZECHO-SLOVAK ARMY DEMOBILISING.

LONDON, November 9.

Relaxation of the tension in the south-east of
Europe is indicated by a Prague message stating that the
Czechoslovak army has begun to demobilise.

WALKING TOUR.

SINGAPORE TO LONDON BY
FOOT.During the course of next month
two Englishmen, Lieut. R. Alexander,
formerly of the West Kent Regiment,
and more recently an officer in the
Straits Settlements police, and Mr. J.
R. Charton will set out on an
enterprise which will be watched with
interest and not without some
anxiety by their many friends in this
part of His Majesty's Dominions. It
is their intention to walk from Singa-
pore to London, though, of course,
the "silver streak" that guards old
England's shores will have to be
crossed otherwise, says the Straits
Times.Leaving Singapore they will pro-
ceed through the Malay States, thence
making a beeline through lower and
upper Burma, eventually getting to
Calcutta via Rangoon, and the pictu-
resque port of Chittagong. From the
premier city of Hindustan they will
walk over that historic portion of
India, which includes Lucknow,
Lahore and Peshawar in its area.It is after leaving the last-named
city that the pair will be exposed to
no little danger—not only from the
rigours of climate but from the
lawless tribes that inhabit those
parts. Kabul will be included in the
itinerary, and both in that
cryptic capital, as well as in the long
trail from there, into Constantinople
through a portion of Mesopotamia
and Palestine, they should find a tale
to tell. If they survive that perilous
journey, as it is to be hoped they
will do, the remainder of the enter-
prise will be "smoother sailing," or
rather walking. From Constantinople
it is their intention to proceed via the
Balkan States, and crossing Northern
Italy and a bit of Switzerland, to walk
through France—and then "Home
and Beauty."At first sight it would seem a
somewhat mad enterprise, but then all
such enterprises are more or less
mad. Englishmen have got a way
of "getting there," and in Singapore
there may be many who would be
willing to lay a wager that the couple
will reach London safely.The pair are taking a letter from
the Governor which should stand
them in good stead in British Domi-
nions, and there is no doubt that they
can count on the sympathy of every
official in India—whether British or
Indian. Armed with cameras and
writing materials it is their intention
to take pictures and notes

LONDON LURE

FORTUNE HUNTERS OF
ALL AGES.The health of London last year was
the best on record judged by the
death rate figures given in the annual
report on public health of the London
County Council."The death-rate has fallen to 12.6
per 1,000 of the population, the lowest
ever registered in London, and the
infant mortality has dropped to 76;
also a record," says Dr. W. H. Hamer,
the County Medical Officer.These phenomenal rates must
give pause to those who advocate a
return to the land and cause hope in
the most pessimistic who live within a
few miles of St. Paul's.If it were possible to maintain this
death-rate for a series of years the
average duration of life would be
raised to fourscore years.Dr. Hamer says that London, like a
vortex, draws ambitious girls and
boys from miles around. In the early
years of life boys and girls come in
equal numbers."Then at 15 to 20 the girls forge
ahead, from 25 to 30 the young
men gain on them. Between 30 and
35 the men immigrants are the more
numerous and they maintain this
higher level throughout the remaining
ages."Even at 40 to 50 the temptation
to make a fortune seems to draw men
to London. Few country women
come to London to stay there a ter
40."Moreover, as the age of the im-
migrants is increased their quality
becomes poorer and this is particu-
larly the case in the males. After a
time the young men, fetch up at their
sweethearts from the country and
start housekeeping in London, and a
considerable number of young mar-
ried people, perhaps with small
families, come too.for publication of a book which will
give to the average reader, they hope,
a deeper insight into the interior life
of the different countries they pass
through. Walking as they will do
they will be able to go just where they
like, and pick up detail which it would
be impossible to obtain in ordinary
travelling, and as Mr. Charton is
keenly interested in Zoology it is
hoped that the publication will be
replete with that and historical
matters.They expect to complete their
adventure in four year's time.

DR. HODGKIN'S LECTURES.

SHANGHAI FORMING A
FELLOWSHIP LEAGUE.Shanghai cannot be stigmatised as
being apathetic regarding the dis-
position and working of Christian
forces, but certainly a big stimulus
has been given by Dr. H. T. Hodgkin,
in his series of lectures on "The
Salvaging of Civilisation" which he
delivered at the Lyceum Theatre last
week, says the Shanghai Times. Large
audiences listened earnestly to what
he had to say about the application
of the principles and ideals of Chris-
tianity to the big material, every-
day problems which, hitherto, had
been considered out of the scope of
such a solution.The great interest which he has
aroused locally, and the stirring of
faith which his practical and inspired
addresses have caused, resulted in a
decision to form an association to
apply these principles and see how far
they will go towards solving the many
local problems.The general opinion seems to be the
formation of an association similar to
that formed after Dr. Hodgkin's visit
to Hongkong, a League of Fellowship
and Service.MAKE YOURSELF
STRONGERPeople with strong constitutions
escape many minor ills that make life
miserable for others. Don't you envy
the friend who does not know what a
headache is, whose digestion is perfect
and sleep undisturbed?How far do you come from this
description and have you ever made an
earnest effort to strengthen your con-
stitution, to build up your system to ward
off disease and discomfort?Everyone cannot have perfect health,
but unless you have an organic disease
it is generally possible to improve your
physical condition by attention to the
rules of health, the first of which is to
keep the blood built up.Dr. Williams' Pink Pills for Pale
People contain just the elements needed
to build up the blood and restore the
lost colour and vitality. New energy
circulates through the system with the
enriched blood, the heart stops its
alarms, palpitating, colour returns to
cheeks and lips.Nothing more is needed except sun-
light, good air, proper food and rest.
If you do not know exactly what rules
to follow in these matters write today
to the Dr. Williams' Medicine Co., 96,
Szechuen Road, Shanghai, for the
booklet, "The Blood and Its Work." Your
own druggist sells Dr. Williams' pink
pills, or they will be sent by mail
on receipt of price, 1.50 per bottle, or
84/- for six bottles, post free from the
above address.

FRENCH LESSONS

O. ROUSSEAU

15, Morrison Hill Road

No stiff joints or aching back
when you were young.Yet now you are at middle age, or perhaps a little older,
your back aches "fit to break". There are sharp twinges
of rheumatism in yourmuscles and joints. And you do not
feel as well as thirty years ago, when
you could romp with the youngsters
and feel that life was really worth living.
Why this great change?Age is not wholly to account for it, for we read in the
newspapers every day how people live to a hundred years
of age in strong, vigorous health. And so can you, if you
do as many thousands of others are careful to do, that is
to keep your body in good health, eat with moderation,
work reasonably, and take a reasonable amount of sleep.Yet even with care some people suffer from aches and
pains of some kind, at one time or another. And these
aches and pains often mean kidney trouble. Such symptoms
as constipation, backache, pains in muscles and joints,
scanty urine, and such miserable afflictions as rheumatism,
lumbago, sciatica, burning inflammation of the bladder,
"gravel and gout" are all symptoms of kidney trouble. If
the kidneys are strong and healthy, these afflictions will
not—cannot come to you, but if the kidneys are weak they
are unable to do their proper work, and so the joints get
stiff, and the back aches.Get rid of these symptoms by getting the kidneys back
to health and strength, and you will be able to enjoy life
to-day as you did thirty years ago. De Witt's Kidney and
Bladder Pills will help you to do this for a certainty.Thousands of people, many of them over seventy, and eighty years of age
have testified to the marvelous benefit received from De Witt's Pills, which
are made expressly for the kidneys and the bladder. And so give immediate
relief to old and young alike, for they are so sure you get a certain result
that they can be taken with advantage even by the most delicate person.Why is it that De Witt's Pills have cured so many thousands of so-called
"hopeless" cases even when everything else has failed. There is a secret and
it is this. De Witt's Pills are scientifically compounded expressly to act on the
kidneys and the bladder, what is more they get there.When you take ordinary medicine, or so-called "backache" pills you often get
poor results, for they never go near the kidneys.Now when you take De Witt's Pills, you will notice, within a few hours, that
the urine has turned a muddy bluish colour. You know by that positive proof
that these wonderful little pills have passed through the kidneys and the
bladder. You have the proof before your eyes.From that moment the cleansing of the kidneys and bladder commences and
when the kidneys are thoroughly cleansed and healed of all impurities, the pains
in your back and joints will disappear just as surely as the sun will rise to-
morrow morning.When you see the urine change to a muddy, bluish colour, a feature which
distinguishes De Witt's Pills from all others, you know beyond all doubt that
they have put their healing touch on the right spot—the kidneys and the bladder.
De Witt's Kidney and Bladder Pills are sold by the million bottles usually
in Great Britain alone.

Be Sure you get Genuine—

locally, send your money to The Colonial Dis-
pensary, 14, Queen's Road, Central. Agents for
Szechuen, who will be pleased to send the
bottle to you, and from that time
walk and work in comfort for some years.Mr. Thomas Thomas, of Park Side, Tredgar,
says:—"I was eaten up with rheumatism. My arms
and legs and feet swelled so badly that I had to
lie in bed. I had to crawl on my hands and knees
to get up and down stairs. For five years I
tried every remedy, but nothing helped me. I
then tried De Witt's Kidney and Bladder Pills. I
got relief almost immediately, and from that time
I have been able to walk and work in comfort for
some years."

Mrs. Hands Was In
Torment With Rash
Cuticura Healed

"A dry itching rash began coming
out on me. It first began on my hands
in little pimples and after
a week or two came out all
over my body until I was
unable to cover myself. I
suffered especially on my
neck and head. The com-
plications were such that I
could not describe the torment. I
had to get out of bed once or
twice every night to scratch."
"This went on for about eight
months when I sent for a free sample
of Cuticura Soap and Ointment. I used
it and had the first good night's rest I
had had for a long time, so I bought
more and I used one tablet of Cuticura
Soap and one box of Cuticura Ointment
when I was healed." (Signed)

BRITISH STEAMER AFIRE.

LONDON, November 8th.
The British steamer *City of Rangoon*,
from Coochin-China, has arrived. Fire
broke out in Number 2 hold, containing
inward cargo of coal oil and has not
yet been extinguished. Hatchways have
been battened down and steam injected
to extinguish the fire. The extent of the
damage is unknown.

FRANCE'S HOSPITALITY.

PARIS, November 8th.
During M. Millerand's visit to Mont-
pellier University, Syrian and Arab
students expressed to the President their
gratitude for France's hospitality and the
ample opportunities for learning placed
at foreign students' disposal. In answer
M. Millerand stated that France, in going
to Syria answered the call of both the
Christian and Moslem populations.
France will continue acting not as a ruler
but as a sister nation, always glad to
help others to attain modern culture,
peace and prosperity.—*Havas.*

FRANCO-TURKISH AGREEMENT.

BEYRUT, November 8th.
The news of the signing of the Franco-
Turkish Agreement ending the state of
war was greeted with the utmost satis-
faction in Syria and Lebanon. The
French High Commissioner is the recipi-
ent of many tokens of gratitude from the
Muslim elements. General Pello, the
French High Commissioner at Constan-
tinople, in an interview, expressed con-
fidence that Franco-Turkish relations
would soon develop fruitful co-opera-
tion.—*Havas.*

AUSTRIAN BUDGET.

VIENNA, November 9th.
The Austrian budget for 1922 has been
introduced into the National Assembly.
It shows a deficit of a hundred and sixty-
five millions of crowns.

WIESBADEN AGREEMENT.

LONDON, November 8th.
Sir John Bradbury declares that the
Wiesbaden agreement involves a new
burden upon Germany, in addition to the
burden imposed by the Reparation Com-
mission. Germany's acceptance of the
agreement was remarkable in view of
German assertions of the difficulty of
meeting the present obligations. Sir
John affirms that the potential dimensions
of the new burden are so great that they
may prejudice Germany's fulfilment of
the British, Belgian and Italian members
of the Reparation Commission should ad-
vocate safeguards in order to ensure the
Allies receiving their proper shares of
the German indemnity. Sir John opines
that with safeguards the Wiesbaden
agreement is likely to accelerate the solu-
tion of the reparations problem in regard
to France without prejudicing the other
Allies.

The safeguards suggested are:—Firstly,
a time limit of between four and a half
and seven years, after which no new de-
ferred debt should be permitted and the
liquidation of existing deferred debts
should commence and should be made by
regular annual instalments; secondly, the
aggregate amount for which the debt
against France is deferred should never
be allowed to exceed two hundred mil-
lions sterling; thirdly, provision should
be inserted for the payment by France
to the general reparations account from
time to time (within the limits of deferred
debts) an amount necessary to secure that
the other Allies receive their proportions of
the amounts due from Germany under the
schedule of payments.

WASHINGTON CONFERENCE.

WASHINGTON, November 9th.
The Senate has passed a resolution in
favour of publication of the record of
the proceedings of the Conference and
the admission of journalists to all the
plenary sittings, arguing that the great-
est publicity is most likely to secure the
success of the Conference.

INCOGNITO PIANIST.

A new ending to the old story of a
famous musician playing incognito is
necessary in these days of jazz. The
most celebrated pianist in France was
staying at a popular seaside
town. So well-known is he that
he passed under a borrowed name to
avoid the swarming crowds. While
taking refuge from a shower in a
café he noticed a piano at the end
of the public hall where couples
were dancing gaily to the strains
of a barrel-organ. Thinking to give
them a treat and do a good turn to
the café, he sat down and started to
play a nocturne of Chopin's. To his
great surprise the crowd stopped his
playing; surrounded him, and flung
him off the chair.

The professor bristled up, and in
spite of his expostulations the crowd
had him thrown out by the waiters
for interfering with the dancers, who
complained that they could not hear
the barrel-organ for his noise.

An amusing trial for damages
against the café is threatened by the
great man.

INDIGESTION AND

when bilious; but take a full dose

dition. For sale by all Chemists and

PRESS PREJUDICE.

It is now abundantly evident that so far as the *Daily Press* is concerned no good can come out of Nazareth, meaning that with the Canton Government it has definitely made up its mind or minds never to be satisfied. This would be no business of ours, and yet every confidence that the Canton Government is able to look after its own affairs, we would have been willing to have them to look after the affairs of the Chinese people. The *Daily Press* is a newspaper, and it is its duty to report the facts as they are. It is not its duty to make up its mind or minds for the Canton Government. It is not its duty to make up its mind or minds for the Canton Government. It is not its duty to make up its mind or minds for the Canton Government.

taxes they may or may not impose in their own country. If the Chinese would only hurry up and agree amongst themselves, they could put the present opportunity to better use. The world just now, if not its diplomats, is ripe for righteousness than it ever was, and the citation of old treaties, imposed upon an unwilling but helpless China, when these principles were mere dreams of the pulp, would not now carry the same weight that they did once. The decent people of to-day's world no longer ask, "Is it written?" but "Is it fair?" It is in no wise fair to control China's taxation, just because she cannot resist it, when we do not control the taxation of our own dominions, of Australia for instance. Extra-territoriality is an oppression, a trespass upon the dignity and integrity of a nation, and is only possible by force majeure. The question is not whether the administration of China's new laws is or is not efficient and fair, because all foreigners not liking it are at liberty to leave the country. The question is not whether certain taxation will injure our trade, but whether we have the right to control and dictate another nation's tax policies. Treaties imposed upon a people that could not refuse them cannot decently be cited in proof of rights. Among individuals, the law does not recognize legal instruments signed under duress. New let the *Daily Press* advance the argument that these treaties it quotes were not so exacted; in the old days of the barefaced and unashamed scramble. After its extraordinary reference to the Cassel Convention, we dare say it can go as far even as that.

LOCAL AND GENERAL.

A quantity of household furniture will be auctioned by Messrs. Lam-mert Bros. to-morrow afternoon.

Among the passengers who sailed by the C.P.S. liner "Empress of Asia" this morning were the Hon. Mr. P. Hobson Holyoak and Mrs. Holyoak.

Owing to the indisposition of Mr. C. G. Alabaster, the defendant's counsel, the hearing of the action in which two Chinese merchants are disputing about the ownership of a small triangle of land in Bonham Road has been adjourned until Monday morning.

Professor Paul Monroe, a well-known American educationalist who has been looking into the educational and municipal affairs at Canton, went on to Swatow on Tuesday. Before leaving he remarked upon the wonderful progress made by Canton.

The s.s. "Golden State" according to cable advice from San Francisco, sailed from that port on November 5 on her fourth voyage to the Orient in the Trans Pacific Service of the Pacific Mail S.S. Co., with a full complement of passengers and maximum cargo for Japan and Oriental Ports.

An incredible story of torture alleged to have taken place a few days ago in Nantao is reported with circumstantial detail in the Chinese press. The story is that the proprietor of 300 or 400 richies announced that he proposed to raise the charge for daily hire by 100 cash, making the fee 500 cash. The richies, coolies protested, and appointed six of their number to interview the master and come to an arrangement. The meeting duly took place, and it is alleged that the coolies were enticed into an empty room, bound, and subjected to methods of torture to compel them to agree to the richies proprietor's proposal. It is added that some of the coolies were seriously affected as to necessitate their removal to hospital. The matter was reported to the police and the proprietor and six of the coolies, who were assisted by a doctor, were taken to hospital. The doctor, who was a Chinese, was also taken to hospital. The matter is now being investigated by the police.

FREE LIGHT.

ALLEGED TAPPING OF ELECTRIC WIRES.

Mr. Turner, of Messrs. Deacon, Looker, Deacon and Haiston, obtained a remand at the Magistracy, yesterday, for a case which a former employee of the Hongkong Electric Co. and another coolie were charged with stealing current by tapping wires. It was alleged that the first defendant had used the knowledge he had acquired in the course of his employment to connect with the supply wire outside the house where he lived and obtain light for nothing. The Magistrate: Did he provide the whole floor with free light? Mr. Turner: No, only two cubicles. A remand until Monday afternoon was granted.

EARLY COLDS.

Be careful of the colds you take at this time of the year. They are particularly dangerous. A neglected cold may lead to pneumonia, which is a very serious disease. It is better to take a few doses of a good cold remedy at once, than to wait until the cold has become a pneumonia. There are many good cold remedies on the market, but it is better to choose one that is well known and has a long record of success. The Hongkong Dispensary has a large stock of such remedies, and they are all of the highest quality.

WE EXPLAIN.

BY REQUEST OF THE D.P.

This morning's *Daily Press*, noting the Tokyo cable to Shanghai, saying that Lord Northcliffe repudiates a message the *China Mail* said he had sent to the *Times*, and overlooking the possibility that a Tokyo message might be false, remarks with ostentatious virtue as follows:

"The report did not appear in the *Hongkong Daily Press* and we do not know what explanation our contemporaries who published the alleged message have to give of it, except that it was stated at the time that Lord Northcliffe on his return to the Colony from Canton handed this message to the *Times* correspondent here for dispatch to 'The Thunderer.' It struck us at the time as a very indiscreet message for Lord Northcliffe to send on the eve of his departure for Japan."

We would have explained sooner if we had been asked earlier.

The message was not issued by Lord Northcliffe, but by Mr. Wickham Steed perhaps, and it was not sent to the *Times*, but to the *Daily Mail*, may be. As a matter of fact, Lord Northcliffe was never in Hongkong previous to his arrival here, and therefore could not have sent any such message, especially as his accredited correspondent has taken the R. T. P. authority to Honolulu. The alleged message was published by the alleged *China Mail* quite inadvertently, the staff completely forgetting and overlooking the fact that Lord Northcliffe always does deny it afterwards. It is a habit of his.

It is a pity the D.P. did not let us know sooner how very indiscreet the alleged message appeared to it at the time, because we have since got used to the look of it and now cannot see the alleged indiscretion in a man saying right out what he believes to be true and considers to be of vital importance. Does it mean that Northcliffe would have been "discreet" if he had suppressed the message until after he had enjoyed the hospitality of Japan, and allowed the Japanese to think him a friendly guest? The *China Mail* has another name for that.

It is now clear that either the *China Mail*, the Tokyo cable, or Lord Northcliffe, is a liar; and as the *China Mail* isn't, why, you get "warmer" at every step.

THEATRE ROYAL.

WARWICK COMEDY CO. PLAY TO-NIGHT.

The second contingent of the Warwick Company reached Hongkong this morning by the "Kumang" after a rough trip, and the season which was to have commenced last night with "The Circle" will open to-night with "A Bill of Divorcement" instead.

"A Bill of Divorcement" is a very unusual play and one that is causing a great deal of controversy at Home. It deals with one of the burning questions of the day and gives one a peep into the future. It is unusual in that it asks the members of the audience to imagine that they are living twelve years hence in the year 1933, and that the new divorce reforms which are under discussion at the moment have actually become law. Incidentally it is a vehicle which enables Mr. N. Thorpe-Mayne to give a very fine piece of acting in the part of Hilary Fairfield, and also provides excellent lines for Miss Joan Mayne, Miss Marjory Clark, Miss Lena Flowerdew, Mr. Dudley Ho-warth, Mr. Fenwick and the rest of the artists in the very capable Warwick company. Reports from Singapore and Calcutta speak in glowing terms of the play and the players, and there is no doubt that the Theatre Royal will be well-filled to-night when Clemence Dane's remarkable play will be staged here.

Mr. Warwick asks us to announce that those patrons who booked for last night's performance can transfer their tickets to Thursday next when "The Circle" will be staged instead of "Doormats" or they can change them for any other night of the season that may be desired.

MURDER MYSTERY.

CHILD FINDS FATHER DEAD IN FIELD.

Searching for her father who had been missing from his home a 12-year-old Chinese girl yesterday stumbled on his corpse in a field not far from a village near Shamshui. The body had several stab wounds. The murder, which evidently took place early the previous night, was apparently not committed for robbery, because no money, bangle and keys were found on the body.

GOLF CLUB.

ALTERATION OF ARTICLES.

AMENDMENTS AGREED TO.

Several amendments to the Royal Hongkong Golf Club's Articles of Association were agreed to at an extraordinary general meeting held in Messrs. Jardine Matheson's Board-room last evening. Mr. E. J. Grist was in the chair and amongst those present were Messrs. J. B. Ross (hon. secretary), J. A. Plummer, D. Tester, B. D. C. Morgan, B. C. Lambert, L. S. Greenhill, L. R. Blacking, R. Camidge, W. E. Roberts, D. H. Blak, H. P. Winslow, S. H. Ross, J. H. Seth, A. Gair Smith, R. Bruce, T. W. Hill, R. Melville Smith, F. MaD. Courtney, E. B. Hornell, A. Pacey, D. Hall, H. Spicer, D. R. Crawford, D. J. Lewis, H. L. Denny and A. B. Purves.

In proposing the first resolution the Chairman said:—

This meeting has been called for the purpose of considering and, if thought fit, passing resolutions altering the Articles of Association of the Club. The present Committee provided for by the Articles of Association consists of officers of the Club, namely, the Captain and Hon. Secretary and six other members of the Club. The Club has grown very much since these Articles of Association were framed and your Committee think that your Committee should be enlarged accordingly. The Committee are also of opinion that in the interests of the Club it should have a President as well as a Captain. It is realized that it would be beneficial to the Club to have as such President one of the senior members to represent the Club on occasions when the influence of a senior member would be of great assistance. The Captain should be elected from the more active and playing members and should be one qualified for the office by his knowledge of the game and the time at his disposal to devote to his duties. The first resolution which you have had read to you amends the Articles by providing for a Committee consisting of a President, a Captain, an Hon. Secretary and nine other members. I will formally propose the resolution carrying out these amendments, but before doing so I would like to make a slight addition to "A" by the deletion of the word "one" and the substitution thereof of the word "two." At the present time one black ball excludes; but as the Committee is to be increased so it is thought one should be altered to two.

Mr. J. A. Plummer seconded, there being no questions or discussion, the resolution was put and declared carried unanimously. The Chairman proposed the second resolution and said:—The second resolution is one amending the Articles of Association so as to include as subscribers Naval and Military officers of the United States of America stationed in China and Hongkong. This is a matter not only of courtesy on the part of the members of the Golf Club, but one of international importance, assisting to seal the bond of friendship existing between the two great English-speaking nations. There is no doubt the American officers would greatly appreciate the extension to them of the privilege enjoyed by the British officers. I will now formally propose the second resolution.

Mr. Plummer remarked that only the United States Navy was mentioned: Why not any other—the French Navy for instance? The Chairman said he thought the idea in including the United States Navy, in addition to the reasons he had already mentioned, was that Americans had taken up the game of golf very seriously and they were the only people who spoke the same language. Moreover, French warships were not here much.

The resolution was carried unanimously. The Chairman proposed the third resolution and said:—We now come to the third and last resolution before the meeting. The object of this resolution is to give the Committee powers to make bye-laws in respect of the establishment and carrying on of a Junior Club or Clubs or branches at Happy Valley or elsewhere. Article 59 gives the Committee full power to make bye-laws, by Article 61, the one proposed to be altered; restricts those powers and unless amended would not allow the Committee to establish what they think is called for, namely a Junior Club or branch at Happy Valley. The Committee have already prepared bye-laws and they ask for powers to put these into effect. I would particularly call your attention to the last two lines of paragraph 61, which reads that any bye-law may be set aside by a special resolution of a general meeting of the Club, so that in effect any bye-laws made by the Committee are subject to the approval of members. I will now formally propose the third resolution.

A member raised the question that the ground would be objectionably crowded at popular hours if a great increase of members was permitted. The Chairman said the Committee had the power to decide when people would be allowed to play and they would not let people play to the detriment of the general body of full members. The Committee would deal, at once, with any difficulty that might arise in this respect, and would restrict the hours at which junior members would be allowed to play. The member said he wished to bring the matter to notice because the majority of the general Committee members were invariably at Fanning and were very rarely at Happy Valley to see what was going on there. The resolution was then carried. The Chairman asked members to fill in the forms which would be posted at Fanning, and at the Hongkong Club for nominations to the General Committee. The annual meeting would be held in three weeks' time.

CORRESPONDENCE.

BRITISH LEGION TOO CATHOLIC.

[To the Editor of the "China Mail."]

Dear Sir,—At the British Legion Cabaret Dance the other night one could not help being struck by the large number of men present, both as guests and members, who had never been to any theatre of war and, though doubtless some of them had very good reasons for confining their war services to the local volunteers, one cannot help feeling the assembly was of a different character to that intended by the promoters of the Legion at home. I doubt if more than half the men present were entitled to wear service ribbons. Although I am a member myself, I find it exceedingly difficult to induce other ex-service men to join, owing to the fact that some of the committee as well as many members risked not a hair of their heads in the war. In fact, it is really astonishing to find how many men who have fought in France and elsewhere are holding aloof rather than join the local Legion which is apparently open to every British male in the Colony and therefore loses what should be its essential characteristic.

I understand that applications for membership are flowing in now that the Legion is to entertain the Prince on his visit and a great many more of the Stonecutters' sentries will doubtless be enrolled. The feeling is general, however, that the Prince wants to meet pukka ex-service men—not practically the entire British male population—at this gathering. Cannot the luncheon be confined to those entitled to wear service ribbons? It would seem useless to approach the committee as at present constituted, and I make this suggestion through your columns in the hope that others, more influential than myself, will take steps to ascertain the views of the ex-service members of the Branch on this question.

While on this subject I should like to mention that when we joined it was understood that this Branch was intended to be an association of comrades of the War who have shared the same experiences and who retain the same associations and it by no means implies disparagement of those who were not fortunate enough to have been "over there" when we express a wish to confine the Legion to those who were. We want a friendly association of real ex-service men, not a replica of the social institutions that already abound in the Colony.

Enclosing my card,

I am, Dear Sir,

YRSES,

Hongkong, November 10, 1921.

An official report has reached Peking that the boycott of the "Loong Mow" and other steamers at Chungking has been lifted.

An international and somewhat sensational angle has been given to the examination of the charges brought against C. S. Lobingier, Federal Judge at Shanghai, China, now being conducted by the Department of Justice. The request for the removal of Judge Lobingier is based on complaints filed by an American lawyer, William S. Fleming. Witnesses for Judge Lobingier have brought out the fact that for several years past Mr. Fleming was attorney for leading Japanese interests in Shanghai. On another occasion, Judge Lobingier's witnesses claim, Mr. Fleming represented the Japanese Government in the case which dealt with rioting in Shanghai, in which Japanese police were alleged to have attacked Chinese citizens. Examination of the charges is being conducted by R. L. Holland recently appointed to the Department of Justice from Colorado. The State Department is being advised as new facts are disclosed.

crowded at popular hours if a great increase of members was permitted.

The Chairman said the Committee had the power to decide when people would be allowed to play and they would not let people play to the detriment of the general body of full members. The Committee would deal, at once, with any difficulty that might arise in this respect, and would restrict the hours at which junior members would be allowed to play.

The member said he wished to bring the matter to notice because the majority of the general Committee members were invariably at Fanning and were very rarely at Happy Valley to see what was going on there.

The resolution was then carried. The Chairman asked members to fill in the forms which would be posted at Fanning, and at the Hongkong Club for nominations to the General Committee. The annual meeting would be held in three weeks' time.

NORTHCLIFFE'S DENIAL.

HONGKONG STATEMENT
FALSELY REFUTATED.

"Lord Northcliffe denies the report published in the Hongkong papers of October 28, purporting to give the text of a cable sent by him through The Times correspondent at Hongkong to that newspaper. He says that no such cable was sent or authorized by him. 'No such cable will appear in the Times' and this is proof that no such cable was sent."—Reuter.

Dated Tokyo, November 3 and variously headed "Lord Northcliffe's Bombshell" and "A Canton Canard," this cable appears in the Shanghai papers just to hand.

That denial, if it was made, is false.

Lord Northcliffe did hand that message to the local (acting) representative of The Times who in turn did cable it to London. His Secretary, Mr. John Prieau, distinctly associated to a China Mail reporter's request for permission to see the statement before it was placed on the wires. Furthermore, Mr. Prieau, conversing with our reporter, informed Lord Northcliffe at the time, that he was giving the local papers the same message. Whether The Times published the message or not is irrelevant. It was sent and Lord Northcliffe's Secretary, if not himself also, distinctly understood that the China Mail would see it before dispatch and publish it.

These are facts that can be testified.

VISIT TO JAPAN.

DECLINING ALL INVITATIONS.

Tokyo, Oct. 30.—It is understood that Lord Northcliffe has up to the present declined all invitations to functions in his honor in Japan, stating that he prefers to be permitted to utilize the short time at his disposal in seeing the country, unhampered by engagements. Lord Northcliffe's decision is received with considerable satisfaction as relieving the necessity for any repetition of discussion similar to that which occurred on the occasion of his visit to Washington. It is understood that the Premier and other Japanese and also the Japan-British Society, the British Association, and others were considering tendering hospitality to him until Lord Northcliffe's cables expressing his wishes were received from Hongkong.

JAPANESE PRESS VIEWS.

Tokyo, Nov. 2.—Lord Northcliffe arrived at Yokohama to-day at 1 p.m. and the Asahi and the Yomiuri immediately left for Tokyo by motor-car. It is said that he will stay in Japan for about a week after which time he will proceed to China by way of Cebu.

Taking advantage of the arrival at Yokohama to-day of Lord Northcliffe, newspapers here of to-day are full of articles on welcome to his lordship and there are not a few of them which refer to his argument regarding the Anglo-Japanese Alliance.

The Tokyo "Nishi Nishi" declares: "So long as the Alliance is only maintained as a peace pact, it is of no use in any way what so ever. The United States, then, can be no reason why it should not

SHALL THE COSTER GO?

LONDON STREET TRADER AS
A FOIL TO PROFITEERS.

Is London in danger of losing the familiar figure of the coster?

An agitation has been raised in certain quarters to remove the street traders from their usual and recognised places, and the costers are now holding open-air meetings to defend their livelihood.

Their case has been taken up by Mr. Harry Biner, founder of the People's Fairplay League. In a pamphlet appealing to public opinion to protect the costermonger, Mr. Biner points out that street traders are public benefactors.

"They are keen business men and women," he says "who watch and wait in order to buy cheaply and sell cheaply."

For example, the other day I purchased butter in the street for 1d. for which many shops charged 3d. or 4d. Also splendid apples at 3d. per lb. for which 10d. or 1s. was the shop price.

Stalls dispose of a glut of fish, fruit, vegetables or perishable goods which might otherwise be wasted. Still competition is a barrier to profiteering."

Mr. Biner says that few street traders would object if a small fee were charged for clearing up the refuse they may cause.

"No shopkeeper who charges fair prices," he adds, "need fear the competition of the stalls."

he continued. Inasmuch as Japan has no territorial ambition towards China always acting on the principle of the open door and equal opportunity in concert with the Powers concerned, coupled with the fact that the opinion entertained by a section of the militarists is anything but representative of the popular will of the Japanese people at large, it is devoutly to be hoped that Japan's diplomacy and her policy towards China in particular will not be misunderstood."

The Tokyo "Asahi" states that Lord Northcliffe's contention about the uselessness of the Anglo-Japanese Alliance is, it is to be considered, nothing but a warning to the people of Japan as to the real relationship existing between Great Britain and America and as to the fact that the best way in which the Far East is to be dealt with in the future lies in the co-operation of the three great Powers—Great Britain, the United States, and Japan—and that the enmity between Japan and the United States is a drawback to the peace of the world.

The "Yomiuri" argues: "Japan, at this opportune moment, should voluntarily express her intention to abolish the Anglo-Japanese Alliance, irrespective of past events, and thus endeavour to settle her policy for the establishment of more cordial relationship on a fresh basis between Japan, Great Britain, and the United States."

The "Kokumin" writes to the effect that the country is desirous of seeing Lord Northcliffe study Japan in as much detail as possible and hear from the Japanese rather than that the latter should listen to him.

NEW STEAMER.

LAUNCHED AT KOWLOON.

THE "KUNG WO" FOR RIVER TRADE.

The "Kung Wo," a river steamer built by the Hongkong and Whampoa Dock Company, for the Indo-China Navigation Company, was launched at Kowloon dockyard yesterday afternoon. She is a shallow draft vessel designed for the Yangtze trade.

Amongst those present at the launching ceremony, which was performed by Mr. C. H. Ross were:

The Hon. Mr. Claud and Mrs. Severn, Sir Robert and Lady Ho Tung, Lieut. Conway Ilaka, M.S.N., the Hon. Mr. A. O. Lang and Mrs. Lang, Mr. D. G. M. Bernard, Mrs. C. H. Ross, Mr. C. D. Melbourne, Mr. R. M. Dyer, Mr. and Mrs. R. Sutherland, Capt. F. Wheeler, Mr. D. Murray, Mr. and Mrs. Shepton, Mr. K. E. Grigg, Mr. J. Reid (Chief Manager, Taikoo Dock) and Mrs. Reid, Mr. J. S. Gardner, Mr. T. S. Murison (representing Lloyd's Register of Shipping), Mr. and Mrs. W. S. Bailey, Mr. E. Grant-Smith, Mr. A. R. Veness, Mr. E. Cock (Assistant Manager, Kowloon Dock) and Mr. E. L. Hosie (Secretary).

Afterwards the company adjourned to the recreation room where the usual toasts were honoured.

Mr. D. G. M. Bernard, of Jardine, Matheson and Co. asked Mrs. Ross to accept a small souvenir of the occasion. In doing so he said that it gave him great pleasure to see the great interest taken in the launching of a steamer from the Kowloon Dockyard.

Shipbuilding was a most important industry in Hongkong and the prosperity of Hongkong was dependent upon the shipbuilding. The first requirement of a shipyard was a large slipping centre; this they possessed in Hongkong. The Kowloon Dockyard was able to compete with any yard in the world, both as regards workmanship and price. It was only a few weeks ago that a large oil tanker was launched for the Asiatic Petroleum Company. To-day they had witnessed the launching of a river steamer the "Kung Wo," built to the order of the Indo-China S. N. Co. Ltd. for their lower Yangtze service. The "Kung Wo," another river boat belonging to them had been built at Kowloon Dockyard in 1904. A sister-ship was also built in England at the same time and it was very gratifying to know that the ship built in the Kowloon Yard had proved a success and that an order for the new ship had been placed with the Company. (Applause)

The Directors, continued Mr. Bernard, were confident that the "Kung Wo," which embodied many improvements over older ships, would be suitable in every way for the up-to-date requirements of the Yangtze trade and that she would give complete satisfaction to her owners. The Directors and management of the Dock Company much appreciated the honour Mrs. Ross had done them and he had great pleasure in asking her to accept a small souvenir of the occasion.

Mr. Bernard concluded by asking the Company to drink prosperity and success to the "Kung Wo" and her owners, the Indo-China Steam Navigation Co.

Mr. A. O. Lang (representing the Indo-China Navigation Company), said Mrs. Ross had asked him to offer thanks for the honour conferred upon her by inviting her to launch the ship and also for the handsome souvenir. As the Chairman had just said, this was not the first river steamer that had been built in the Hongkong and Whampoa Dockyard. A ship built seventeen years ago for the Indo-China Steam Navigation Company had been such a success that the "Kung Wo" had been largely modelled on similar lines. The "Kung Wo" was longer than the previous ship and more adapted for heavy loads. The modern requirements of the trade in the Yangtze have called for a vessel capable of handling heavy machinery. The passenger accommodation was all, which was also an improvement. The name of "Kung Wo" was not a new one to the Company;

the first steamer under that name appeared in the early eighties. The meaning of the Chinese characters on the vessel was "United Peace" and the speaker hoped that their Chinese friends would carry out that maxim and bring prosperity to themselves as well as to the "Kung Wo." The speaker, in conclusion, wished to congratulate Mr. R. M. Dyer on the arrangements made for carrying out the launch, which had been a great success, and he asked those present to drink continued health to Mr. Dyer and prosperity to the Hongkong and Whampoa Dock Company. The Company responded to this toast and Mr. R. M. Dyer, in winding up the proceedings, thanked those present for attending the launch and remarked that during the fifty or sixty years of the Hongkong and Whampoa Dock Company's existence a cordial relationship had existed between the Indo-China Steam Navigation Company and the Company. They were endeavouring to maintain this cordiality by trying to give them of their very best. He hoped that the new vessel would be a source of profit and a credit to the Kowloon Dockyard. He wished to thank Mrs. Ross for christening the ship, which he felt sure was a guarantee that the vessel would have a long life and a happy one.

The gathering then dispersed.
